FOX NEWS

"A must-have for golfers who love their cars."

CAR MAGAZINE

"The most interesting golf cart in the world."

NBC SPORTS

"One of the most luxurious golf accessories."

VOGUE

GARIA

Manufactured at the same factory as the Porsche Boxster and Cayman, the Garia is the ultimate luxury car for golf, street and leisure.

Equally fit for the golf course and the road, the Garia is a multi-purpose vehicle, ideal for your active lifestyle. Make the most of your time and let the Garia take you straight from the golf course to your favorite café in the city*.

Built to the highest standards of the automotive industry, the Garia features a race car inspired front suspension, a drive train built by an Italian company that also produces Ducati gearboxes and aluminum profiles made by the same company that supplies aluminum profiles to Aston Martin, Jaguar and Volvo.

Luxury features include a built-in refrigerator from the manufacturer of refrigerators to Rolls-Royce and Bentley, hand-stitched seats and a supercar-inspired steering wheel.

The innovative design with great details and user-friendly solutions has been awarded with an Honourable Mention in the prestigious Red Dot Design Award Competition.

The Garia is available in two models: A non-street legal model for golf and community use and a street legal model for golf, community and public roads. Additionally, each of these models comes in a 2+2 version with seating capacity for four passengers.

* Street legal ability is subject to model and market area.

A NEW DRIVING EXPERIENCE

A social ride for reconnecting with your friends and neighbors.

In your active and on-the-go life there is no need to compromise on luxury, style and comfort. With the Garia, you can drive directly from your home to nearby cafés and shopping, to the golf course or to other activities*.

Automotive style features include tail lights, high and low beam headlights, turn signal stalk and an automatic parking brake.

The Garia has an extra large cabin and a comfortable, car-like driving position.

There is ample room for your belongings in the storage space at the rear**, front, behind the seats and in the dashboard.

* Street legal ability is subject to model and market area.
** Available as an upgrade. See page 15.

THE GARIA GOLF EXPERIENCE

Take on the toughest games with confidence and style.

In cooperation with golf professionals, the Garia has been designed to help your game. The golf bag holders, made from cast aluminum, are angled at 45 degrees – a unique and innovative angle that gives players easy access to all clubs and pockets on the golf bags. The cabin is the largest in its class, providing more width, leg and headroom than traditional golf carts.

The steering wheel features a score card and pen holder. A ball and tee holder is conveniently mounted on the dashboard.

To make sure you arrive at the next tee with a cool head, an air scoop has been installed in the roof to channel fresh air into the cabin while driving. The removable bin on the floor between the seats may be used for waste. For extra convenience in warm weather, the dual cup holders on each side of the dashboard have been designed to fit regular cans and large bottles of 32 U.S. fl. oz. / 1 liter.

A refrigerator* built into the dashboard keeps refreshments at 41°F / 5°C regardless of the outdoor temperature. For a comfortable ride, the automotive safety glass windshield has a shade ban, and the large cabin makes it easy to enter and exit the vehicle.

The foldable golf bag cover, specially designed for Garia, keeps your clubs dry if it rains*.

* Available as an upgrade. See page 15.

LUXURY IN THE CITY

Zero emission, swift handling and nimble proportions give you a head start in the city.

With a max speed up to 25 mph / 40 km/h, the Garia is simply ideal for your daily commutes in the city, community or local area*.

The direction selector is mounted on the steering column making it easy to switch between forward, neutral and reverse gears in just one movement. The digital instrument cluster shows all important information.

To keep you mobile when you are on the go, a 12V outlet for powering your electronic devices is installed in the dashboard.

The open sides give you great opportunities to take in the scenery and interact with your surroundings. For cabin protection in windy or rainy weather conditions use the detachable enclosures, specially designed for Garia**.

* Street legal ability is subject to model and market area.
** Available as an upgrade. See page 15.

VERSATILITY MEETS DESIGN

Introducing the Garia 2+2 for the entire family.

It is a whole new world with the Garia 2+2, our latest model fitted with an extra rear seat for two more passengers*.

The rear seat is fitted with seat belts, a non-slip floor foot rest and a spacious carpeted 15 U.S. gals. / 58 liter storage room under the seat. There is an additional storage space between the seats, suitable for umbrellas, jackets or other items.

The Garia 2+2 is ideal for daily errands and quick commutes for you, your family and friends. A multi-functional vehicle that looks great and is easy and fun to ride.

The Garia 2+2 kit can be retro-fitted on all existing and new Garia cars and comes with rear seat belts as standard.

Schedule a test drive for you and your family today at www.garia.com

* Max load capacity for rear seat : 330 lbs / 150 kg.
Rear seat measurements: L: 16 in. / 40 cm; W: 34 in. / 87 cm; H: (to ceiling): 37 in. / 95 cm.

AN UNFORGETTABLE EXPERIENCE FOR YOUR MEMBERS

Your members only want the best so why not give them what they want?

When attracting new members or customers, the Garia is an unrivalled sales tool: a top quality luxury vehicle that will give your members a great experience and add even more pleasure to their visit or stay.

Choose the Garia to complement your club, resort and community. Its elegant design and unique luxury features are guaranteed to match your top-of-the line facility.

The Garia can be customized with your club's or resort's logo and you can choose body and seat color to match your corporate style.

By offering your members the best golf and leisure vehicle on the market, you truly show them how much you appreciate their patronage.
