A special thank you goes to the Garia team and the Garia factory in Viborg.

„Garia was born of the desire to create the ultimate golf and leisure vehicle"

Our desire has become your reality with a new type of golf cart—one that focuses on design, sophistication, and performance.

Garia is built for you. Every detail of the Garia has been analyzed by a team of passionate automobile engineers, golfers and designers, to offer you the first and only luxury golf CAR in the world.

In this book I am exited to show you some of the most iconic designs of recent years. Hopefully they can serve as inspiration for your new Garia.

Anders Lynge, Co-founder
